

KHATLING SAHASRATAL TREKKING

The Khatling glacier is a lateral glacier, at the source of the river Bhilangana. Sahasratal and Masartal are on the west and east of it respectively. The Valley of Bhilangana affords a panoramic view of snow capped peaks and hanging glaciers. Jogin group, Kirtistambha and Meru are sublime and magnificent. The entire trek passes through thick forests and beautiful lush green meadows in the beginning. Later, it crosses two passes above 17,000 ft. and negotiates glaciers moraines and a snow patch.
