

ROOP KUND TREKKING TOUR

Roopkund is situated in Chamoli district of garhwal. The road head for roopkund is lohajung 155km from Almora, 217km from nainital and 235km from Kathgodam. Roopkund situated at a height of 5029m in the lap of Trishuli massif. This area is usually called is the 'mystery lake', since human skeletons and remains of horses from the poleolithic age were found here.

The lake is surrounded by rock-strewn glacier and snow clad peaks. The starting point of the trek is lohajung, easily approached by motor from Almora. Roopkund can also be reached by ghat, connected by a motorable road with Nanda Prayag situated on the

main highway of Badrinath. The trek of Roopkund passes through lushgreen grassy land and conifer forest clining into the sloper of hills. The trek thereafter winds its way along the pindar river. Then to round off this trek, one can approach hemkund via Shail Samundras glacier and then move on ghat. Bedni bugyal and Bhagwawasa are the most beautiful places in this trek. You must found lots of "Bramhakamal" near Bhawawara. The best time of come here is last week of August to last week of October. You must have 8 days to trekking for Roopkund. It is a 40km trek from road head.
